*Standalone DVD Duplication*

# DV-127 (4X) Specifications

*The DV127 (4X standalone DVD Duplicator incorporates up to seven 4X General Purpose DVD Recorders along with one DVD-Rom Reader or Hard Disk Drive enabling the simultaneous creation of 7 DVD-Rs. It supports up to 4X DVD recording speeds enabling duplication in half the time of other DVD Duplicators.*

*It reads all DVD formats & writes DVD-R/RW and CD-R/RW formats (4X writing speed for DVD-R) and utilizes a DVD/CD buffer under-run protection technology that ensures maximum throughput without failure.*

*The DV127 features an easy to use on board controller that offers a wide range functions ranging from on the fly recording, disk at once, trace at once, emulation and copy verification.*

*The Removable Hard Drive Option enables you to create an image using you're PC, Macintosh or Laptop and incorporates a Firewire, USB 1.0, USB 2.0 or PCMCIA connection kit.*
